PRODUCT INFORMATION
L-BLOCK SHIELD LEAD CAVES

The L-Block Shield Lead Caves are ideal for shielding your work area. Phillips Safety offers two standard models: 6-2.5-202016 and 6-2-202016. The model 6-2.5-202016 is constructed of solid lead that is encased in stainless steel. It is shipped in three pieces and easily bolted together by the customer. The front piece weighs 150 lbs. and each of the two side pieces weigh 112 lbs. On the other hand, model 6-2-202016 is constructed of interlocking lead bricks that are encased in stainless steel. As with all of our products, Phillips Safety can design and manufacture a custom L-Block shield cave to meet your exact specifications with any thickness of lead.
