

# SAFETY GLASSES

## MODEL 220

### FRAME INFORMATION

The Safety Glasses 220 are a rectangular, wrap-around frame made of high-quality plastic. The 220 model is lightweight, highly durable, and impact resistant. Plus, it features no-slip temples and integrated side shields. These Safety Glasses are available in black/blue. They also meet rigorous industry standards, with ANSI Z87+ and EN 166, offering high impact certification for optimal protection.

Moreover, the Safety Glasses 220 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes anti-fog and Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
